

## Who Do We Care For?

When you choose a place like Lymehurst, you can trust that everything you need will be taken care of. We've been a well-established Rest Home since 1984 and we offer both short and long-term care, depending on your current needs.

We provide all of our residents with round the clock care in a secure, relaxed and homely environment in which their care, well-being and comfort are of our prime importance.

Lymehurst provides a range of care, including elderly, or later life care, when our lovely, well-trained staff can assist with meal times, dressing, medication and personal hygiene. We specialise in dementia care too, so we can fully assist and support those with dementia.

We also offer respite and recovery care at Lymehurst, for anyone who may need time to recover post-operation, or for when carers may need to take a well-earned rest. Our home is fully accessible, with hand rails throughout and a stair lift too.

We are of course, here for palliative care and to assist with end-of-life care. We are here to support you too, through this emotional time.

## Activities

We provide a full activities programme for you to take part in should you so wish. Our activities coordinator organises entertainment such as bingo games, musical sing alongs, card games and crafts. There is always something to do to keep everyone active, engaged and entertained.

## LYMEHURST REST HOME

 Shropshire Partners in Care

## Our Service

At Lymehurst, our aim is to provide an environment you can call home and to ensure you live life to the full. The majority of rooms are ground floor en suite, whilst the rest of the rooms are situated upstairs in the main Georgian house. Our residents are encouraged to bring their own furniture to enable them to personalise their rooms. Of the 33 rooms that we have, three are large enough to share, should anyone wish to. We love the homely feel within Lymehurst and in our eyes, our size is 'just right' for our residents, with a smaller, family feel. Our staff get to know each of our residents so very well, with each one of their needs cared for on an individual basis. This is just one of the reasons why Lymehurst is such a special place.

Our wonderful, friendly and welcoming team are fully qualified to meet all of the needs of our residents. Keeping our staff up-to-date with training is one of our priorities, so we can offer the best possible care for those staying with us, here at Lymehurst.

## A Little About Lymehurst

Lymehurst is a charismatic Georgian house, with beautiful surroundings. It was purchased by its present owners in 1984, when it was then transformed into a beautiful, spacious Rest Home, with the addition of two gorgeous extensions. We are very proud to say that Lymehurst is still run by the same family, with their personal touches and friendly welcome.

Taking a walk around Lymehurst, you can immediately see signs of character especially in the entrance hall where a beautiful giant mirror is hung and original cornicing is seen. There is a spacious lounge which is a perfect place to sit and talk with friends and family, and is also the home to our magnificent grandfather clock.

Lymehurst prides itself on creating a comfortable homely atmosphere for our residents with many historical and beautifully restored characteristics. This, together with your treasured items from home, makes Lymehurst feel more like home, and we know how important this is for you and your loved one.

## Nutritious and Delicious

Our excellent kitchen team provides freshly made home-cooked meals, using locally sourced ingredients. Our chefs design their menu, based on what our residents enjoy eating the most, together with a careful balance of nutritious foods. Their menus are changed throughout the year, based on the seasonal delights they can get their hands on! We are proud to support our local milkman and butcher too.
